THE AUTHOR

NASTYNASTY© are Biondelli Emiliano and Valentina Venturi.

Active since 2008, their work always includes photography and its grammar.

In an attempt to represent the world around them inevitably they find themselves in the middle of unfulfilled symbolic trips where the environment and the characters portrayed are surreal and in some way psychedelic. Self published books, photography, videography, video, are the project areas where NASTYNASTY© moves and experiments.

NASTYNASTY© took part in many group shows (2010, Satus, Milan C/o SpazioMorris ; 2011 Equazione Impossibile, Ravenna various locations; 2011 Sweet Sheets, Palermo Zelle Arte Contemporanea; 2012 Fahrenheit, Ravenna Galleria Ninapì), International festival (2011, Fotografia Europea 011, Reggio Emilia).

In 2012 they have been invited at the Residency Program promoted by National Centre of Contemporary Art, Kronstadt, St. Petersburg, RUS with the cooperation of Pro-Arte Foundation of St. Petersburg. www.blisterzine.com
